Did you attend the February 1st event "Crafting a Writing Project Workshop?"	No
General Level of Workshop	Elementary
Title of Workshop	Monsters, Ninjas, and Superheroes: Allowing a Writing World for your Boys
Workshop Description	Come and join us as we explore the academic world through the eyes of our reluctant and unconfident boy writers. Using ninjas, monsters and superheroes, we have investigated strategies for enhancing and transforming the interest level and engagement of our boy learners. You will embark with us on a journey to discover how elementary boys can become active participants and curious learners while still addressing common core standards. Group conversation will be worked into the workshop to enrich all of our practices with new and creative ideas and colleague feedback.
What are your technology needs for your workshop?	Projector VGA Adaptor (connection cable for computers)
